TODAY'S PROGRAM
Posted on Oct 24, 2013

"Mr. Rudy," Rudy Lawson, gave a very upbeat presentation on his anti-bullying program for schools. He began by telling us that since there will always be bullies, children need to develop positive attitudes and good self-images so that they are "impervious" to **bullying**. **He incorporates the 4-Way Test into his program and also has the children sing "I am smart, I am successful, I am special and I can do anything that I want to do."** By repeating these positive affirmations, the students develop self-confidence and positive attitudes and will not be intimidated by the bullying that they encounter. Yes, he had us on our feet to sing the song, too. Thank you, Mr. Rudy, for your positive and powerful presentation.
