Ms. Linda Gable, President  
Wayne Rotary

Dear Linda:

Gregory J. Baracy, Ed.D.  
Superintendent

On behalf of the Wayne-Westland Community School District, I would like to express my support and commitment for the Wayne Rotary organization to receive funding for Mr. Rudy's Multisensory Education & Motivational Seminars. Specifically for those seminars focused on Conflict Resolution/Bullying Awareness and targeted for students in 1<sup>st</sup> through 6<sup>th</sup> grades.

Our school district is committed to providing the best educational and program opportunities for all of our students. We promote high expectations for success and provide students with a safe, caring and nurturing environment. Wayne-Westland helps students develop the character, confidence and values they need to become productive citizens. The seminars conducted by Mr. Rudy would reinforce our efforts and provide a creative format of delivery to get the message across to our younger population.

I look forward to continuing the successful partnership the Wayne Rotary organization has established with the school district and the students and community we serve. Once again, I fully support this very worthwhile program and know that it will equip students with the tools necessary on how to approach "bullying" situations as well as provide them with alternative methods of handling them.

Sincerely,

A handwritten signature in black ink that reads 'Gregory J. Baracy'. The signature is fluid and cursive, with the first name being the most prominent.

Gregory J. Baracy, Ed.D.  
Superintendent
